

The Crucial Role of Youth Delegates

NRHyA PRESIDENT MORGAN KNERR

“Becoming a delegate has the potential to open many doors for you ...”

Before the show season gets into full swing, I would like to take the time to recognize the people that help NRHyA be the association that it is, the delegates. Without the delegates we as an association would not be able to be as tight knit as we are. The NRHyA Board relies on the regional delegates to get information out to the members and on them bring us the feedback from the youth members. Without the feedback from you through the delegates, we would not be able to improve and take the association in the direction our members feel it needs to go. We are here to help makes things happen!

Information flows from the officers to the delegates to be relayed to you, the members. The flow of information works both ways, if you have an idea, concern, anything you would like to voice, please feel free to contact your region’s delegate and they will get it to the board. I also invite you to contact me directly if you would like. If you are interested in becoming a delegate for your region or club please reach out to your delegate to discuss their role in depth. Becoming a delegate has the potential to open many doors for you, from meeting influential people of our industry, learning experiences, and the chance to run for a NRHyA position. We all have to look toward the future and becoming a delegate is a step in, the right direction.

I hope that I have explained how important delegates are to our Association and possibly helped you to feel more comfortable to express your thoughts, ideas, and concerns of our organization. Thank you to all of those that have stepped up into the role of delegate, we all appreciate it!

Morgan Knerr
